It shall be the duty of owners and occupants to keep trimmed and pruned all such similar growth at all times. Whenever any such growth is allowed to grow within 2 feet of the lot line contrary to the provisions of this chapter, the City Council may pass a resolution ordering the owner or occupant to remove those obstructions within five days after having been served with a copy of the resolution by the City stating that the City will do so and will charge the costs thereof to the owner or occupant as a special assessment for improvements as herein provided, or shall collect the same by civil suit brought in the name of the municipality against the owner or occupant.

(2) Trees and shrubs growing upon the lot line partially on public ground and partially upon the abutting property or wholly upon the abutting property but so close to the lot line as to interfere with the making of any public improvement or so that the roots thereof interfere with any utility wires or pipe shall be deemed an obstruction and these trees, shrubs, and roots may be removed by the City pursuant to the procedure prescribed above.

(3) It shall be unlawful for any person to plant, or allow to grow, any tree or shrub within any sidewalk space, street right of way, or other public property of the City without first receiving a written permit for the same from the City pursuant to its regulations. Any tree or shrub otherwise planted and growing hereafter or any other obstruction within such sidewalk space, street right of way, or other public property of the City may be declared a nuisance by the City and ordered to be removed. Pursuant to the nuisance provisions of this Code and state law, upon failure of the owner to remove such a nuisance, the City may cause such removal at the owner's expense.

(B) It shall be unlawful for any person to place any structure, facility, utility, or other obstruction, whether above ground or below, including but not limited to underground sprinklers, ornamental mailboxes, signage, lighting, or other structures within any sidewalk space, street right of way, or other public property of the City without first receiving a written permit for the same from the City pursuant to its regulations. The City shall not repair, pay for, or otherwise compensate or be responsible for any damage done to any structures located in any sidewalk space, street right of way, or other public property of the City by the City while engaged in municipal operations, which limitation of responsibility shall be noted on any permits received by applicants for construction of the same. Failure to obtain a permit prior to placement of any such structure in any sidewalk space, street right of way, or other public property of the City does not

alter the limitation of the City's responsibility under this section.

(C) It shall be the duty of an owner or occupant engaged in construction of any building or improvement upon or near the public ways and property to have all excavations or exposures of any kind protected and guarded by suitable guards or barricades by day and by warning lights at night. In the event of failure, neglect, or refusal to comply with the provisions of this subchapter, it shall be the duty of the City to stop all work upon the buildings and improvements until suitable guards are erected and kept in the manner aforementioned.

(D) Persons engaged in the erection, construction, reconstruction, wrecking, or repairing of any building, or the construction or repair of a sidewalk along any street, may occupy the public street space with such building material and equipment as long as is necessary if those persons shall make application to and receive a permit in writing from the municipal official in charge of municipal streets to do so, provided that no permit for the occupancy of the sidewalk space and more than one-third of the roadway of the public space adjacent to the real estate on which the building is to be constructed, erected, reconstructed, wrecked, or repaired shall be granted, and provided further that a suitable passageway for pedestrians shall be maintained within the public space included in the permit which shall be protected and lighted in the manner required by the official issuing the permit.

(E) In the event the property owner is a nonresident of the county in which the property lies, the municipality shall, before levying any special assessment against that property, send a copy of any notice required by law to be published by means of certified mail, return receipt requested, to the last known address of the nonresident property owner. The last known address shall be that address listed on the current tax rolls at the time the required notice was first published.

(Am. Ord. 2990, 3-16-10) Penalty, see § 10.99

#### **§ 93.004 WEEDS.**

It is hereby the duty of the Police Chief or his or her duly authorized agent to view and inspect the sidewalk space within the corporate limits for growing weeds during the growing season, and if rank and noxious weeds are found growing thereon, he or she shall notify the owner or occupant thereof to cut down those weeds as close to the ground as can be practicably done and keep the weeds cut thereon in like manner during the growing season for weeds, provided that any weeds growing in excess of 12 inches on any sidewalk space shall be considered a violation of this section. In the event that the owner of the lot or parcel of land abutting that sidewalk space within the municipality is a nonresident of the municipality or cannot be found therein, the notice may be given to any person having the care, custody, or control of that lot or parcel of land. In the event that there can be found no one within the municipality to whom notice can be given, it shall be the duty of the Police Chief or his or her agent to post a copy of the notice on the premises and then to cut or cause the weeds thereon to be cut as therein provided and report the cost thereof in writing to the City Council. The cost shall then be audited and paid by the municipality, and the amount thereof shall be assessed against the lot or parcel of land as a special tax thereon and shall be collected as are other taxes of the municipality or may be recovered by civil suit brought by the municipality against the owner of the parcel of land. In the event the property owner is a nonresident of the county in which the property lies, the municipality shall, before levying any special assessment against that property, send a copy of any notice required by law to be published by means of certified mail, return receipt requested, to the last known address of the nonresident property owner. The last known address shall be that address listed on the current tax rolls at the time the required notice was first published. (Am. Ord. 2941, 6-20-06)

Penalty, see § 10.99

### **§ 93.005 SIGNS AND CANOPIES.**

No person, firm, or corporation shall erect or maintain any sign, signboard, poster, or rigid canopy over any street, sidewalk, alley, or on other public property without having first obtained a permit therefor. Permits for signs, canopies, posters, and signboards shall be issued by the Municipal Clerk, subject to the approval of the Utilities Superintendent. All signs and canopies extending over any public sidewalk, street, alley, or other public place must be securely fastened and constructed so that there will be no danger of the same being dislodged by ordinary winds, or falling from other causes. No sign or canopy shall be erected or maintained which extends over any public sidewalk, street, alley, or other public place in such a location as to obstruct the view of any traffic light, sign, or signal. Upon the written order of the City Council, any person owning or occupying the premises where such a sign, canopy, poster, or signboard is located shall cause the same to be removed within the time limit specified on the notice, upon payment of a fee set by the City Council by resolution. Penalty, see § 10.99

### **§ 93.006 OVERHANGING BRANCHES.**

(A) The owner or occupant of any lot, piece, or parcel of ground abutting or adjacent to any street or sidewalk over which there extend the branches of trees shall at all times keep the branches or limbs thereof trimmed to the height of at least 8 feet above the surface of the walk and at least 14 feet above the surface of the street. Whenever the limbs or branches of any tree or trees extend over streets or sidewalks contrary to the provisions herein so as to interfere with the lighting of the street from street lights or with the convenience of the public using the street or sidewalk, the City Council at any regular or special meeting may pass a resolution ordering the owner or occupant to cut or remove the obstructions within 5 days after having received a copy thereof from the Utilities Superintendent stating that the municipality will remove the branches and charge the costs thereof to the owner or occupant as a special assessment for improvements as herein provided, if the resolution is not complied with.

(B) In the event the property owner is a nonresident of the county in which the property lies, the municipality shall, before levying any special assessment against that property, send a copy of any notice required by law to be published by means of certified mail, return receipt requested, to the last known address of the nonresident property owner. The last known address shall be that address listed on the current tax rolls at the time the required notice was first published. Penalty, see § 10.99

### **§ 93.007 SALE AND CONVEYANCE OF REAL PROPERTY.**

(A) Except as provided in division (G) of this section, the power of the city to convey any real property owned by it, including land used for park purposes and public squares, except real property used in the operation of public utilities, shall be exercised by resolution, directing the sale at public auction or by sealed bid of the property and the manner and terms thereof, except that the property shall not be sold at public auction or by sealed bid when:

- (1) The property is being sold in compliance with the requirements of federal or state grants or programs;
- (2) The property is being conveyed to another public agency; or

(3) The property consists of streets and alleys.

(B) The City Council may establish a minimum price for real property at which bidding shall begin or shall serve as a minimum for a sealed bid.

(C) After the passage of the resolution directing the sale, notice of all proposed sales of property described in division (A) of this section and the terms thereof shall be published once each week for 3 consecutive weeks in a legal newspaper published in or of general circulation in the city.

(D) (1) If within 30 days after the third publication of the notice a remonstrance against the sale is signed by registered voters of the city equal in number to 30% of the registered voters of the city voting at the last regular municipal election held therein and is filed with the City Council, the property shall not then, nor within one year thereafter, be sold. If the date for filing the remonstrance falls upon a Saturday, Sunday, or legal holiday, the signatures shall be collected within the 30-day period, but the filing shall be considered timely if filed or postmarked on or before the next business day.

(2) Upon the receipt of the remonstrance, the City Council, with the aid and assistance of the Election Commissioner or County Clerk, shall determine the validity and sufficiency of signatures on the remonstrance. The City Council shall deliver the remonstrance to the Election Commissioner or County Clerk by hand carrier, by use of law enforcement officials, or by certified mail, return receipt requested.

(3) Upon receipt of the remonstrance, the Election Commissioner or County Clerk shall issue to the City Council a written receipt that the remonstrance is in the custody of the Election Commissioner or County Clerk. The Election Commissioner or County Clerk shall compare the signature of each person signing the remonstrance with the voter registration records to determine if each signer was a registered voter on or before the date on which the remonstrance was filed with the City Council. The Election Commissioner or County Clerk shall also compare the signer's printed name, street and number or voting precinct, and city or post office address with the voter registration records to determine whether the signer was a registered voter. The signature and address shall be presumed to be valid only if the Election Commissioner or County Clerk determines that the printed name, street and number or voting precinct, and city or post office address matches the registration records and that the registration was received on or before the date on which the remonstrance was filed with the City Council. The determinations of the Election Commissioner or County Clerk may be rebutted by any credible evidence which the City Council finds sufficient. The express purpose of the comparison of names and addresses with the voter registration records, in addition to helping to determine the validity of the remonstrance, the sufficiency of the remonstrance, and the qualifications of the signer, shall be to prevent fraud, deception, and misrepresentation in the remonstrance process.

(4) Upon completion of the comparison of names and addresses with the voter registration records, the Election Commissioner or County Clerk shall prepare in writing a certification under seal setting forth the name and address of each signer found not to be a registered voter and the signature page number and line number where the name is found, and if the reason for the invalidity of the signature or address is other than the nonregistration of the signer, the Election Commissioner or County Clerk shall set forth the reason for the invalidity of the signature. If the Election Commissioner or County Clerk determines that a signer has affixed his or her signature more than once to the remonstrance and that only one person is registered by that name, the Election Commissioner or County Clerk shall prepare in writing a certification under seal

setting forth the name of the duplicate signature and shall count only the earliest dated signature.

(5) The Election Commissioner or County Clerk shall certify to the City Council the number of valid signatures necessary to constitute a valid remonstrance. The Election Commissioner or County Clerk shall deliver the remonstrance and the certifications to the City Council within 40 days after the receipt of the remonstrance from the City Council. The delivery shall be by hand carrier, by use of law enforcement officials, or by certified mail, return receipt requested. Not more than 20 signatures on one signature page shall be counted.

(6) The City Council shall, within 30 days after the receipt of the remonstrance and certifications from the Election Commissioner or County Clerk, hold a public hearing to review the remonstrance and certifications and receive testimony regarding them. The City Council shall, following the hearing, vote on whether or not the remonstrance is valid and shall uphold the remonstrance if sufficient valid signatures have been received.

(E) Real estate now owned or hereafter owned by the city may be conveyed without consideration to the state for state armory sites or, if acquired for state armory sites, shall be conveyed strictly in accordance with the conditions of Neb. RS 18-1001 through 18-1006.

(F) Following passage of the resolution directing a sale, publishing of the notice of the proposed sale, and passing of the 30-day right-of-remonstrance period, the property shall then be sold. The sale shall be confirmed by passage of an ordinance stating the name of the purchaser and terms of the sale. (Neb. RS 17-503)

(G) Divisions (A) through (F) of this section shall not apply to the sale of real property if the authorizing resolution directs the sale of real property, the total fair market value of which is less than \$5,000. Following passage of the resolution directing the sale of the property, notice of the sale shall be posted in 3 prominent places within the city for a period of not less than 7 days prior to the sale of the property. The notice shall give a general description of the property offered for sale and state the terms and conditions of sale. Confirmation of the sale by passage of an ordinance may be required.

(Neb. RS 17-503.01) (Am. Ords. 2605, 6-21-94; 2688, 6-17-97; 2749, 10-20-98; 2879, 2-3-04)

### **§ 93.008 SALE AND CONVEYANCE OF PERSONAL PROPERTY.**

In order to sell personal property owned by the City, the City Council shall adopt a resolution directing the sale and the manner and terms of the sale. Following passage of the resolution directing the sale of the property, notice of the sale shall be posted in three prominent places within the City for a period of not less than seven days prior to the sale of the property. If the fair market value of the property is greater than \$5,000.00, notice of the sale shall also be published once in a legal newspaper in or of general circulation in such city at least seven days prior to the sale of the property. The notice shall give a general description of the property offered for sale and state the terms and conditions of sale. When such personal property is being (a) sold in compliance with the requirements of federal or state grants or programs or (b) conveyed to another public agency, the notice procedure set forth above may be dispensed with.

(Neb. RS 17-503.02) (Ord. 2879, 2-3-04) (Am. Ord. 2966, 10-16-07)

If the date for filing the remonstrance falls upon a Saturday, Sunday, or legal holiday, the signatures shall be considered timely if filed or postmarked on or before the next business day. If a remonstrance with the necessary number of qualified signatures is timely filed, the question shall be submitted to the voters of the municipality at a general municipal election or a special election duly called for that purpose. If the purchase or construction is not approved, the property involved shall not then, nor within one year following the election, be purchased or constructed; or

Every owner of any lot, lots, or piece of land within the corporate limits shall at all times keep and maintain the sidewalk along and contiguous to the lot, lots, or pieces of land, as the case may be, in good and proper repair, and in a condition reasonably safe for travel for all travelers thereon. In the event that the owner or owners of any lot, lots, or lands, abutting on any street, avenue, or part thereof shall fail to construct or repair any sidewalk in front of his, her, or their lot, lots, or lands, within the time and in the manner as directed and required herein after having received due notice to do so, they shall be liable for all damages or injury occasioned by reason of the defective or dangerous condition of any sidewalk, and the City Council shall have power to cause any such sidewalks to be constructed or repaired and assess the costs thereof against the property. In the event the property owner is a nonresident of the county in which the property lies, the municipality shall, before levying any special assessment against that property, send a copy of any notice required by law to be published by means of certified mail, return receipt requested, to the last known address of the nonresident property owner. The last known address shall be that address listed on the current tax rolls at the time the required notice was first published. Penalty, see § 10.99

### **§ 93.027 REPAIR.**

The municipal official in charge of sidewalks may require sidewalks to be repaired. Notice to the owners of property upon which sidewalks in disrepair are located shall require within 48 hours from issuance of notice the owners to make arrangements to have the sidewalk repaired. Before any permit shall be granted, the applicant for the permit shall submit plans and specifications of any present or proposed construction to the Municipal Engineer. Should the plans or specifications be disapproved by the Engineer, no permit shall be granted therefor. All permits hereafter granted shall continue only upon the condition that the party receiving the same shall build, maintain, and keep in repair a sidewalk over the space used or constructed to be used and pay all damages that may be sustained by any person by reason of that use or by reason of the sidewalk being defective or in a dangerous condition. As a condition precedent to the issuance or continuance of any permit for the use of any space underneath the municipal sidewalks as herein contemplated, the City Council may require the applicant to furnish a bond to the municipality as obligee for the benefit of any person or persons who may suffer any damage or damages by reason of the use. The bond shall be in the sum as the City Council, in its discretion, may designate. Penalty, see § 10.99

### **§ 93.029 UNDERGROUND STRUCTURES UNDER SIDEWALKS; PERMIT.**

(A) Definitions. For the purpose of this chapter, the following definitions shall prevail:

**OWNER** shall mean and include the record owner of the fee simple of property or the lessee for a term of twenty-five years or more of such property, or purchaser in possession under land contract.

**STRUCTURE** shall mean and include, but not be limited to, vaults, underpasses, areas, basements, liquid storage tanks, boilers, and cantilevered areas of buildings.

(B) Permit Required. It shall be unlawful for any person to use any space underneath or above the surface of any street, alley, sidewalk, or other public ground within this city, or to construct any structure thereunder or thereover unless approved by the city by a permit issued as a privilege. No permit shall be issued except to the owner of the lot or land adjacent to the space sought to be used, and no permit shall be issued unless authorized by action of the City Council. A building permit shall also be required from the Building Inspector if a permit would be required under the ordinances of the city to construct a similar structure upon private property. All buildings that have any such structures around the Courthouse Square, defined as those buildings

located on the 400 blocks of 4th, 5th, D and E Streets, must petition for a permit prior to August 1, 2006 or any such structure will be filled in by the city.

(C) Application for Permit. Applications for such permit shall be made to the City Clerk, and such application shall be in writing stating specifically the space size of the structure being used or being built including, its length, breadth and depth, and the use intended to be made thereon, or the structure to be built therein; and the City Clerk shall then refer said application to the City Council.

(D) (1) Bond and Public Liability Insurance. Every applicant for such permit shall file with the application required, a continuing bond in the sum of not less than \$5,000.00, but in the event that the City Council in the resolution authorizing the permit shall fix a different sum, then a bond for such sum so fixed shall be substituted and filed with the application. All bonds and sureties shall be approved by the City Attorney before such permit becomes effective. All bonds shall be conditioned that the person to whom such permit shall be issued and such person's heirs, successors, or assigns shall strictly comply with all applicable laws and regulations and all conditions of the permit and which shall save and keep the city free and harmless from any and all loss or damages or claims for damages arising from or out of the use of the space or structure therein mentioned, and for the maintenance of the street, alley, sidewalk, or other public way in such condition that said street, alley, sidewalk, or other public way shall at all times after such structure is completed or such space is covered, be safe for the public use; for the full and complete protection of the city against any and all litigation growing out of the granting of such permit or anything done under such permit and for the removal of any structure permitted in the public space by such permit at the sole expense of the permittee and the permittee's heirs, successors, or assigns; for the faithful performance and observance of all the terms and conditions of this chapter; and where the permit is given to use space which under this chapter is taxed, such bond shall also be conditioned for the prompt and full payment of the compensation required by this chapter, or any other ordinance required to be paid during the period said permit shall be outstanding. Following the issuance of such permit and as long as the use continues or as long as the structure exists in such public space, the owners of such property from time to time shall also be responsible to the city for the performance of all of the conditions of said bond above described.

(2) Whenever the City Council shall be of the opinion that the surety on such bond given for such permit issued hereunder has become insufficient and shall so declare by resolution, a new bond for such permit shall thereupon be filed with a new surety to be approved by the City Attorney.

(3) In addition to the bond, the applicant shall be required to:

(a) At all times maintain public liability insurance in the form of a commercial or comprehensive general liability policy, or an acceptable substitute policy form as permitted by the City Attorney, with a minimum combined single limit of \$500,000.00 aggregate for any one occurrence. The coverages required herein shall be subject to review and approval by the City Attorney for conformance with the provisions of this section;

(b) At all times keep on file with the City Clerk a current certificate of insurance signed by a qualified agent of an insurance company licensed to do business in the State of Nebraska and approved by the City Attorney for conformance with the provisions of this section evidencing the existence of valid and effective policies of insurance naming the city as an additional insured for the coverage required by subsection (a) of this section, the limits of each policy, the policy number, the name of the insurer, the effective date and expiration date of each pol-

icy, the deductibles or self-insurance retainers of each policy and a copy of an endorsement placed on each policy requiring thirty day's notice by mail to the City Clerk before the insurer may cancel the policy for any reason, and upon request of the City Clerk or the City Attorney, a copy of any endorsements placed on such policies or the declarations page of such policies. Any termination or lapse of such insurance shall automatically revoke any permit issued pursuant to this chapter.

(E) Interference with Sewer, Gas, or Water Pipes. No person shall ever use the space under any such street, alley, or public way in such manner as to interfere with any wastewater collector, gas, water, or any other public works or utilities lawfully in such street, alley, or other public way unless by consent of the City Council especially granted by resolution; and no such permit shall be granted until the applicant therefor has deposited with the City Clerk and a sum of money equal to the estimated cost prepared by the City Clerk to defray the cost and expense of removing, replacing, and relaying such wastewater collector, gas, water pipes, or other public works or utilities, and making the necessary connections therewith. Each and every applicant disturbing any such wastewater collector, gas, water pipes, or other public works or utilities, shall, within ten days after so disturbing it, restore the same to such condition as will meet with the approval of the Department of Public Works and Utilities.
